SKY

Feel the beauty and relaxing moment
given by the nature. The material and design Sky series elegance, dignity and comfort. It
fullfills our satisfaction on stylish modern aesthetics with strong visual impact.

The soft curves give off the permanent
charm and create the classic aesthetics. With the unbeatable balance, the
details with connotation,
the furniture displays the essence of the idea and takes the lead of leisure
trend in the new times.

SKY

CONFERENCE TABLE

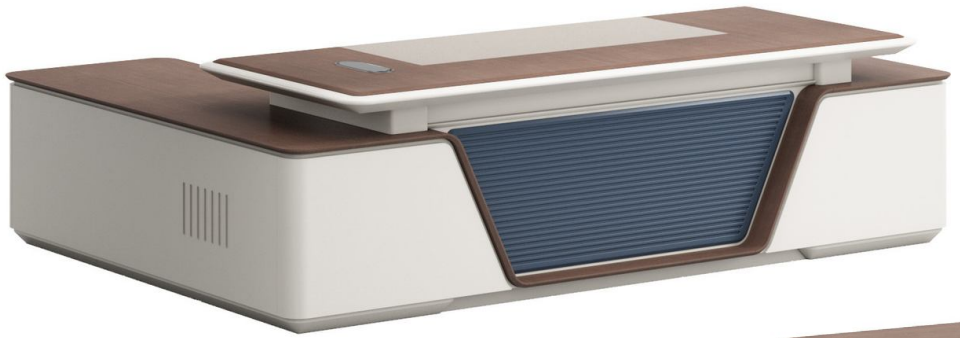

Professional design and excellent function. According to different work spaces, you can
choose a special conference table to match it. A goodlooking,comfortable and practical table brings
convenience and elegance in your business activity. And adds aesthetic feeling to your office space.

GRAVITY

Modern design by integrating graceful curve shaping with linear figure
presentsa sense of
combination of hardness with softness, dynamic and static temperament,
presenting a unique visual
effect and implying a colorful but ever changing life.

MAXIMUS

The Maximus executive desk features smooth lines design with high-end material. Good craft is respect, honor, and dignity, expressing your unique taste and value of life. It caters to the classic work environment

The surface treatment of the executive table is a power of high-quality leather for a more delicate touch

LYRA GS

The new Lyra GS offering dedicated to the Presidential environment.
Important volumes and thicknesses characterize the desk, finished with a premium combination of MFC
The elegance of this take on Lyra original model comes from it's absolute simplicity, and yet manage to keep the presidential value of the set

ALPHA PLUS

The Alpha Plus series is a comprehensive solution for all spaces, covering private executive office, collaborative meeting space and open staff working area. Design concept of coexistence of aesthetics and wisdom creates the beauty of minimal lines. It perfectly combines metal to show its noble quality and decent luxury

DA VINCI

Da Vinci is highly versatile it suited to a broad range of applications It can be configured to suit individual requirements right down to the smallest details with individual or groups of table in various sizes
It fulfills all standard office requirements

PASCAL has been created with the modern idea of leadership in mind elegant but not static , efficient and representative , ever dynamic. Thanks to its modularity, materials and design.
Pascal is the most up-to-date , contemporary line of furniture for the working environment of today, geared towards redefining models and conventional habits

PASCAL

a modular executive line of office furniture which has been designed to facilitate and promote teamwork , where skills come together in an atmosphere of freedom and elegance

TESLA The use of organic forms grant a contemporary character and freshness the meeting and auxiliary desks enable you to create personal meeting areas next to the work positions

TESLA

is a program of desks which respond to an architectural vision for equipping offices with models that provide artistic solutions incorporating a unique design and high quality materials

TRUVA

The triangular section of tables structure is the conceptual and formal starting point of Truva a distinctive mark that generates ever-changing geometries changing depending on the observer's point of view, creating an infinite number of compositions and situations

TRUVA The structure is composed by two "U" legs better defined as "portal" legs at the short sides of the desk with a tubular pipe section

They are linked by longitudinal beams realized shaped to the edge in order to hook firmly

The portal leg is realized with an equilateral triangular section pipe with exclusive design

CRATOS

The management collection, features refined and elegant details, by combining different materials , from steel to wood

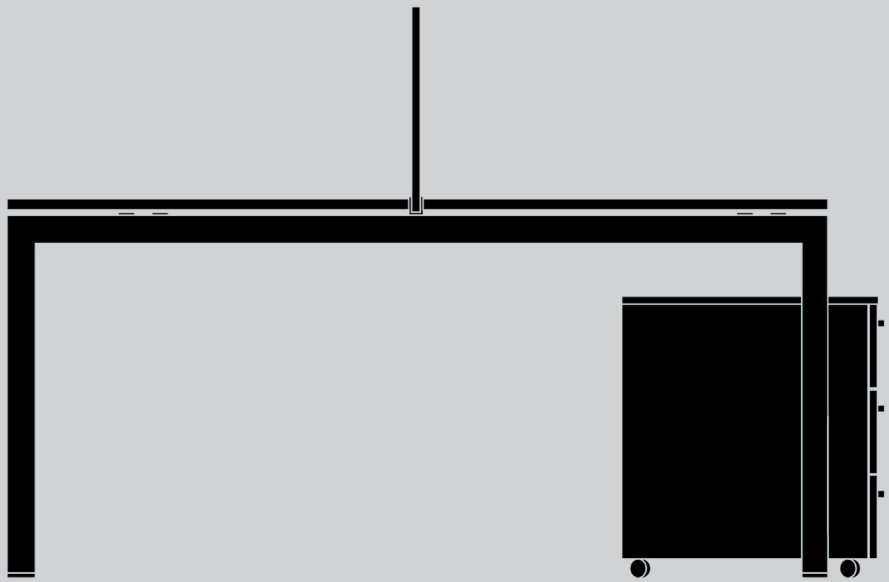

NEWLINE As a free standing element , emphasizing the elegance of its minimal design , or combined with a horizontal worktop which once located frontally and perpendicularly to your executive desk , will succeed in enhancing the most operational aspects of a shared working space.

Desk for workstation

FLAT is the bet of Majestic for a style of life
a firm solid structure with a harmony of two tone melamine finish

Majestic Systems

INFINITY SYSTEM

Workplace flexibility by design

Versatility and flexibility are the starting elements of Infinity System The modular components give you endless possibilities to work out different compositions in order to solve any need , from the workstation to the executive desk

Infinity collection

Layout Studio is a light-scaled solution that is available around the world conceived with the person in mind , and based on

Essential office spaces where the linearity of the solutions lives with traditional , simple and reinterpreted elements
The reproducibility of all the elements allows the creation of endless functional solutions

Infinity collection

The main attribute of the Infinity system is the possibility of easy configuring individual desks and benches in a number of ways

Desk tops can be supported by metal legs which come in many shapes to choose from , or different storage solutions. By enlarging the work area with extending elements , a space for greater interaction can be easily build

BASIC

Ultimate simplicity
Ultimate beauty

BASIC

Freed of inappropriate details , Basic is the very thing for people who are in search of a minimalist and functional alternative

ICON Sofa Collection now stands as a defining example of modern design Consistent with all of her designs
the Lounge Collection has a spare, geometric profile that reflects the objective perfectionism and rational design approach

S143

The design of the corrugated sofa is derived from the change of lines. Through the connection between lines and surfaces in different ways, it presents a beautiful curved surface.

T-01

It is the archetypal armchair in the new and modern conception of furnishings understood as domestic equipment

A new way to conceive an office armchair that can confidently take its place in meeting rooms and conference halls
Featuring robust rotating work pad, under seat storage, and durable casters

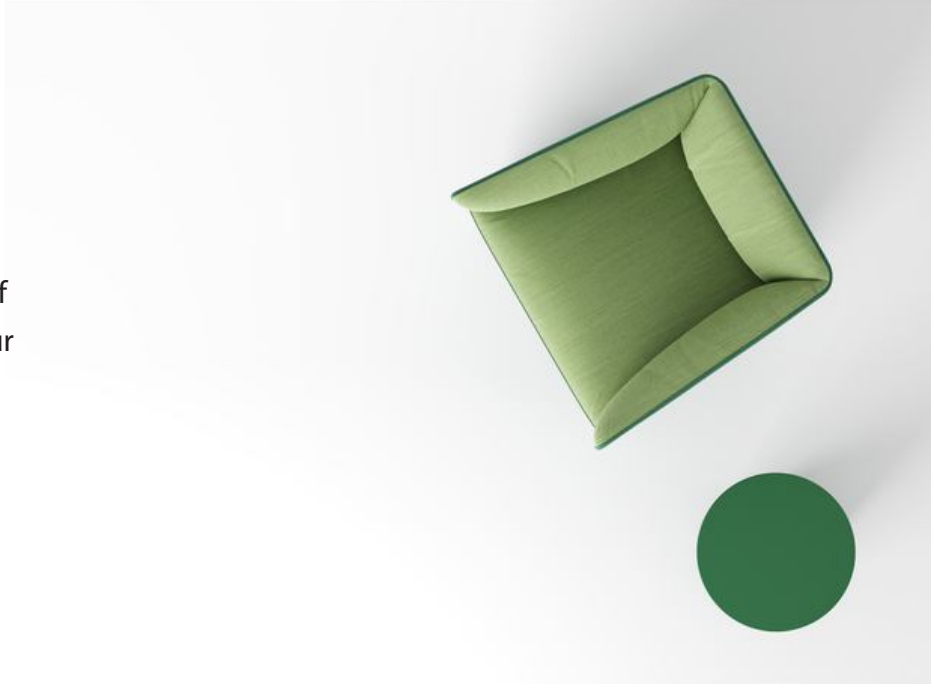

Sheep sofa is inspired by sheep›s soft body. The headrest part is embossed with fabric, which provides comfortable wrapping feeling and echoes the fluffy and soft texture of wool. In our actual use process, it can also provide an efficient and private negotiation space

NUTSHELL

The pleasant materials and surface combinations as well as the choice of colour accents optimally complement the overall appearance. The colour schemes Smart Balance, can be used to design working environments

PIPE

The shape of the sitting pier is inspired by the pipe. The PIPE is endowed with richer connotation by the way of the integrated wrappings and patchwork of soft bags. Its nifty and lovely appearance gives users a close feeling. In space, it embellishes colors and enlivens the atmosphere.

SANTO

Santo series is a multi-function sofa system. The system is so modular and perfected for multiple use.

S116

The architectural austerity of the base of this sofa is balanced by the soft cushions, finished with stitching along the perimeter that emphasizes the sinuous lines.

SLIM

SLIM uses a restrained, minimal aesthetic to create its architectural profile. Simple, elegant and timeless, the design works in a variety of interior spaces

CENTAURI

A safe haven of silence ready for use as an individual workspace . It combines the minimalist but practical design with glass and solid walls and a solid roof, a highly effective ventilation system for fresh and clean air, high-end acoustic materials and sophisticated details. The desk, electric socket, USB and LAN connection and motion sensor will make working in your private phone booth comfortable

MAESTRO Lobby Chair

W1068 × D580 × H890
W1600 × D580 × H890
W2136 × D580 × H890
